

## Communication to GeorgiaVIEW: D2L and Bongo Resources for USG

### BONGO

**Bongo** is observing the effects of the Coronavirus around the world. Virtual Classroom and Video Assignments can be crucial to maintaining business relationships and learning experiences in this uncertain time. Bongo has seen a **250% increase in usage** in the last two weeks in their APAC regions due to workers and learners needing at-home resources for engagement with their businesses and schools and expect the rest of the world to follow suit shortly.

D2L customers can begin using free Virtual Classroom and Video Assignments immediately. If the free version of Virtual Classrooms/Video Assignments are not enough to accommodate the needs, Bongo is offering a short-term solution that allows institutions to sign up for Premium Bongo for an abbreviated term (6 month duration). Customers must sign up in March 2020.

Here's a chart that helps understand how the free version of Virtual Classroom compares to the premium version.

	Free Bongo Virtual Classroom	Premium Virtual Classroom
