Subject: COVID-19

As campuses continue to close and move fully online, we wanted to make sure you are aware that Proctorio is making its browser lock down completely free. We have also cut proctored exams down to \$5 (essentially our cost) for any length and unlimited attempts.

If you're interested please reply to this email, complete [this form](#) or forward this on to the appropriate person. Our team can have Proctorio integrated into your LMS in 5 minutes.

[What Proctorio is doing to operate and scale during COVID-19.](#)
